LEITZ[®]
JOB WELL DONE

LEITZ IQ AUTOFEED AUTOMATIC SHREDDER

QUIETLY WORKS ON ITS OWN

Just insert your stack of papers, close the lid and get on with your day.

The new fully automatic Leitz IQ Autofeed paper shredders are so intelligent they quietly work on their own.

Unique clean emptying feature (cutters reverse after every use) to prevent paper shreds dropping behind the bin when pulled out*

Ultra quiet operation - for a calm working environment

*not for Autofeed 50 (80350000)

Leitz AutoFeed Key Features

The intelligent LEITZ IQ AutoFeed shredders work completely automatically, helping you to gain time. Simply insert the stack of paper, close the lid and get on with the things you actually wanted to do. By switching to LEITZ IQ AutoFeed paper shredders, you automatically save time. The perfect time-saving technology from LEITZ.

Sheet Capacity

Simply load a stack of up to 300 x sheets of A4 paper (for model 300 P4/P5), shut the lid and walk away whilst the shredder does its job.

Shredding Security

P4 cross cut shreds
1 A4 sheet into 400 pieces.
P5 micro cut shreds
1 A4 sheet into 2000 pieces.

Ultra Quiet

Maintain a calm working environment with the ultra quiet noise level.

Pull Out Bin

The shredder has a pull out bin for easy emptying.

Manual Slot

Manual feed slot shreds up to 8 sheets (300 P5) or 10 sheets (300 P4) of A4 paper at a time.

PIN Lock

Available from the 300 P4/P5 models upwards.

Castor Wheels

Available from the 300 P4/P5 models upwards.

NOTE: This model is Leitz IQ Autofeed Office 300 Automatic Paper Shredder P5 (SKU code: 80160000). Every Leitz IQ Autofeed shredder has different features. See the model details in the table on page 5.

The issues with manual feed

Too slow

The timely process of hand feeding paper sheets.

Inefficient

You have to calculate the right number of sheets to insert.

Impacts productivity

Employee time is wasted hand feeding paper.

Loud operation

Traditional shredders can be loud and disruptive.

Reasons to upgrade to AutoFeed

Save time and money

Increase productivity by saving 98%* of employees time shredding.

Bulk shred

Shred up to 600 sheets of A4 paper in a single load.

Minimal effort

Simply stack the paper in the shredder, shut the lid and walk away.

Quiet operation

Low noise level as shredding takes place in a closed chamber.

Up to 4 hours continuous run time with fan cooling. Sleep mode activates after 3 minutes of non use.

No need to manually feed paper, or remove staples and paper clips first, this automatic paper shredder will do all the work for you.

2+1 Free Guarantee

By registering AutoFeed shredder on www.leitz.com extend the warranty to **3 years.**

Anti-Jam Technology

Automatically stops and reverses the paper out when too much paper is inserted.

Secure PIN Lock

The PIN lock uses a four digit custom PIN code to ensure that only the original user can retrieve un-shredded documents. Available from the 300 P4/P5 models upwards.

Anti-Jam Technology

Anti-jam technology prevents paper jams when manually feeding documents. Interactive anti-jam technology walks the user through how to clear a jam, using the forward and reverse buttons.

Bin Full Sensor

The infra red bin full sensor on the touch control panel will illuminate red if the bin becomes full and requires emptying.

Key Benefits at a Glance

Boost productivity

Save 98% of your employee's time spent shredding compared to traditional shredders.

Save employees time

Eliminate a mundane time-consuming task and enable employees to continue with more important and interesting tasks.

Ensure paper-based data security

Our high security shredders help to support GDPR compliance.

Bulk shred

Securely shred up to 600 sheets of paper at a time for maximum efficiency.

Minimal effort required

simply stack the paper in the shredder, shut the lid and walk away.

Fewer distractions

Quieter operation with a closed paper chamber.

No disruptions

Quiet operation as shredding takes place in a closed paper chamber.
